

FASTLY, INC.

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

**APPROVED BY THE BOARD OF DIRECTORS
JANUARY 31, 2019**

PURPOSE AND POLICY

The purpose of the Audit Committee (the “**Committee**”) of the Board of Directors of Fastly, Inc. (the “**Company**”) is to:

- help the Board oversee the Company’s corporate accounting and financial reporting processes, systems of internal control, and financial-statement audits and the integrity of the Company’s financial statements;
- manage the selection, engagement terms, fees, qualifications, independence, and performance of the registered public accounting firms engaged as the Company’s independent outside auditors for the purpose of preparing or issuing an audit report or performing audit services (the “**Auditors**”);
- review any reports or disclosures required by applicable rules and regulations of the Securities and Exchange Commission (the “**SEC**”) and the stock exchange that lists the Company’s stock;
- oversee the organization and performance of the Company’s internal audit function (once it is established and becomes operational);
- help the Board oversee the Company’s legal and regulatory compliance, including risk assessment; and
- provide regular reports and information to the Board with respect to material issues.

The Committee will maintain and foster an open avenue of communication with the Company’s management, internal audit group (once it is established and becomes operational) and Auditors. It will also be responsible for any additional duties and responsibilities that the Board mandates.

The “Public Effective Date” means the date on which the Company becomes a public reporting company subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), and applicable rules and regulations of the SEC.

COMPOSITION

The members of the Committee, including the Chairperson, will be appointed by and serve at the discretion of the Board. Vacancies occurring on the Committee will be filled by the Board. Resignation or

removal of a Committee member from the Board for any reason will automatically constitute resignation or removal from the Committee.

Following the Public Effective Date:

- the Committee will consist of at least three members of the Board;
- each member of the Committee will satisfy:
 - the independence and financial-literacy requirements imposed by the SEC and the stock exchange that lists the Company's stock;
 - any other qualifications determined by the Board;
 - any other requirements imposed by applicable law; and
- at least one member of the Committee will satisfy the applicable financial-sophistication requirements and any other requirement for accounting or related financial management expertise as determined by the Board and required by the SEC and the stock exchange that lists the Company's stock.

AUTHORITY

The Committee will have access to all Company books, records, facilities and personnel as deemed necessary or appropriate by any member of the Committee. If the Committee concludes that it must retain legal, accounting, or other outside advisors, it may do so and determine compensation for those advisors at the Company's expense. The Committee may also pay any ordinary administrative expenses it deems appropriate in carrying out its duties at the expense of the Company.

The Chairperson shall have the delegated authority to act on behalf of the Committee in connection with matters including, but not limited to, approval of the retention of outside service providers and advisors and payment of ordinary administrative and other expenses when it would be logistically difficult, if not impossible, to convene the full Committee. Any such action taken by or decision made by the Chairperson will be presented to the full Committee at its next scheduled meeting.

The Committee may form and delegate authority to one or more subcommittees to the extent allowed under applicable law. By delegating an issue to a subcommittee, the Committee does not surrender any authority over that issue. Although the Committee may act on any issue that has been delegated to a subcommittee, doing so will not limit or restrict future action by the subcommittee on any matters delegated to it. Any action or decision of a subcommittee, including the preapproval of audit or nonaudit services, will be presented to the full Committee at its next scheduled meeting. By approving this Charter, the Board delegates authority to the Committee with respect to these responsibilities.

RESPONSIBILITIES

The Committee will oversee the Company's financial reporting process on behalf of the Board and will have direct responsibility for the appointment, compensation, retention and oversight of the work of the Auditors and any other registered public accounting firm engaged for the purpose of performing other review or attest services for the Company. The Auditors and any other registered public accounting firm

engaged for the financial reporting process will report directly to the Committee and be accountable to it. The Committee's responsibilities are a guide and should remain flexible to account for changing circumstances and needs. The Committee may supplement its duties, as appropriate, and establish policies and procedures consistent with applicable rules and regulations. Following the Public Effective Date the Committee shall have the following responsibilities, some of which it may assume prior to such date in its discretion:

Auditor Management:

1. Hiring and Selecting Auditors. The Committee will evaluate, determine whether to retain and determine the fees of any Auditors and any other registered public accounting firm engaged for the financial reporting process. In addition, the Committee may replace any existing Auditors or other registered public accounting firm engaged for the financial reporting process with a different public accounting firm.

2. Approving Audit and Non-Audit Engagements. The Committee will review audit plans, the adequacy of staffing, the fees to be paid to Auditors, and oversee the negotiation and execution of any engagement letters on behalf of the Company. The Committee will oversee the rotation of the Auditors' partners on the Company's audit engagement team as required by applicable rules and regulations. The Committee will approve all audit and non-audit related services that the Auditors provide to the Company before the engagement begins, unless applicable rules and regulations allow otherwise. The Committee may establish pre-approval policies and procedures or delegate pre-approval authority to one or more Committee members as permitted by applicable rules and regulations.

3. Auditor Independence. At least annually, the Committee will assess the qualifications, performance, and independence of the Auditors, or in the case of prospective Auditors, before they are engaged. That assessment will include reviewing written disclosures from any Auditors regarding any relationships they have that may affect independence, as defined by applicable rules and regulations. The Committee will review a written statement from any Auditors affirming their independence, and assess, consider, and discuss with them any potential relationships concerning their objectivity and independence.

4. Former Employees of Auditors. The Committee will oversee the policies and procedures as required by applicable rules and regulations governing how the Company may employ individuals who are or once were employed by the Auditors.

Financial Review and Disclosure:

5. Annual Audit Results. The Committee will review with management and the Auditors the results of the annual audit, including:

- the Auditors' assessment of the quality of the Company's accounting principles and practices;
- the Auditors' views about qualitative aspects of the Company's significant accounting practices, the reasonableness of significant judgments, and estimates (including material changes in estimates and analyses of the effects of alternative generally accepted accounting principles ("GAAP") methods on the financial statements);

- all known and likely misstatements identified during the audit (other than those the Auditors believe to be trivial);
- the adequacy of the disclosures in the financial statements; and
- any other matters that the Auditors must communicate to the Committee under applicable accounting or auditing standards.

6. Audited Financial Statement Review; Quarterly and Annual Reports. The Committee will review the annual audited financial statements, the quarterly financial statements and the Company's "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors," as appropriate, with management and the Auditors. The Committee will be responsible for recommending to the Board whether the proposed annual audited financial statements should be included in the Company's Annual Report on Form 10-K.

7. Earnings Announcements. The Committee will review and discuss with management and the Auditors any earnings press releases and other financial information and guidance regarding the Company's results of operations provided publicly or to ratings agencies. The Chairperson of the Committee may represent the entire Committee for the purposes of this discussion.

8. Proxy Report. After the Public Effective Date, the Committee will oversee the preparation of any report required by applicable rules and regulations to be included in the Company's annual proxy statement.

9. Accounting Principles and Policies. The Committee will review and discuss with management and the Auditors significant issues regarding accounting principles and financial-statement presentation, including:

- critical accounting policies and practices;
- alternative accounting policies available under GAAP;
- the potential impact on the Company's financial statements of alternative treatments and any off-balance sheet structures; and
- any other significant reporting issues and judgments, significant regulatory, legal, and accounting initiatives, or developments that may have a material impact on the Company's financial statements, compliance programs, and policies.

The Committee will review with the Auditors and management, if appropriate, any written communication, such as any management letter or internal-control letter, and monitor management's response to such communications. At least annually, the Committee will discuss with the Auditors the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the PCAOB (including any successor rule adopted by the PCAOB).

10. Management Cooperation with Audit. The Committee will evaluate management's cooperation with the Auditors during their audit examination, including any significant difficulties or

disagreements encountered during the audit, if any. The Committee will resolve any conflicts or disagreements regarding financial reporting.

Internal Control and Procedures:

11. Risk Assessment and Management. The Committee will review and discuss with management and the Auditors the Company's processes and policies on risk identification, management and assessment in all areas of the Company's business. The Board shall continue to have overall responsibility for evaluating key business risks faced by the Company, including but not limited to information security, competition, and regulation. Areas of focus for the Committee shall include the Company's policies and other matters relating to the Company's investments, cash management and foreign exchange management, major financial risk exposures, the adequacy and effectiveness of the Company's information security policies and practices and the internal controls regarding information security, and the steps taken by management to monitor and mitigate or otherwise control these exposures and to identify future risks. The Committee will provide periodic reports to the Board about material issues affecting the quality or integrity of the Company's financial statements, compliance with legal or regulatory requirements, the performance or independence of the Auditors, the performance of the Company's internal audit function and other matters as the Committee deems appropriate.

12. Internal Auditors. The Company does not currently have an Internal Audit function. Once said function is established and becomes operational, the Committee will review the audit plan of the Company's Internal Audit team and discuss with that team the adequacy and effectiveness of the Company's scope, staffing, and general audit approach. The Committee will review any significant reports prepared by the Company's internal auditors, as well as management's response. The head of the internal auditors will also report to and be evaluated by the Committee.

13. Internal Control over Financial Reporting; Disclosure Controls. The Committee will confer with management and the Auditors concerning the scope, design, adequacy and effectiveness of internal control over financial reporting and the Company's disclosure controls and procedures. The Committee will review reports on significant findings and recommendations with respect to internal controls over financial reporting, together with management responses and any special audit steps adopted in light of any material control deficiencies.

14. Correspondence with Regulators. The Committee will consider and review with management, the Auditors, and outside advisors or accountants at least annually any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements or accounting policies.

15. Internal Control Report. At its request, the Committee will review a report by the Auditors describing its internal quality-control procedures and any material issues raised by (i) that firm's internal quality-control review, (ii) any peer review of the firm's internal quality-control procedures or review, or (iii) any inquiry or investigation by governmental or professional authorities conducted in the last five years of any audit performed by the Auditors.

16. Complaint Procedures. The Committee is responsible for overseeing procedures for receiving, retaining, and investigating:

- complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and
- confidential and anonymous submissions by employees concerning questionable accounting or auditing matters.

17. Ethical Compliance. The Committee will review the results of management's efforts to monitor compliance with the Company's programs and policies adhering to applicable laws and rules, including the Company's Code of Conduct.

18. Related Party Transactions. The Committee will review and approve, in accordance with the Company's policies, any related party transaction as defined by applicable rules and regulations.

Other Matters:

19. Committee Self-Assessment. The Committee will annually evaluate its performance and the adequacy of this Charter.

20. Other Legal and Finance Matters. The Committee will review with management legal and regulatory compliance and any actual, pending, or threatened legal or financial matters that could significantly affect the Company's business or financial statements or as otherwise deemed appropriate by the Committee.

21. General Authority. The Committee will perform such other functions and have such other powers as may be necessary or appropriate in complying with the policies of this Charter.

The Committee's responsibility is one of oversight. The members of the Committee are not employees of the Company, and they do not perform management's or any Auditors' functions. The Committee relies on the expertise and knowledge of management, the internal auditors (once the internal audit function is established and becomes operational), and any Auditors in carrying out its oversight responsibilities. Management is responsible for preparing accurate and complete financial statements in accordance with GAAP, crafting periodic reports, and establishing and maintaining appropriate accounting principles and financial reporting policies and satisfactory internal control over financial reporting. The Auditors will audit the Company's annual consolidated financial statements and, when required, the effectiveness of the Company's internal control over financial reporting and review the Company's quarterly financial statements. It is not the Committee's responsibility to prepare or certify the Company's financial statements, guarantee the audits or reports of the Auditors, certify as to whether any Auditors are "independent" under applicable rules, or ensure that the financial statements or periodic reports are complete and accurate, conform to GAAP, or otherwise comply with applicable laws and the Company's policies.

MEETINGS AND MINUTES

The Committee will meet whenever its members deem a meeting necessary or appropriate. Following the Public Effective Date, the Committee will meet at least quarterly, but may meet more

frequently if its members deem doing so necessary or appropriate. The Committee will determine where and when to meet and provide this schedule in advance to the Board.

Unless otherwise directed by the Committee, each regularly scheduled meeting will conclude with an executive session that excludes members of management. As part of its responsibility to foster open communication, the Committee will meet periodically with management, personnel in charge of the internal-audit function (once the internal audit function is established and becomes operational) and the Auditors in separate executive sessions. From time to time, or when requested by the Board, the Chairperson of the Committee will report to the Board.

The Committee will maintain written minutes of its meeting and regularly report to the Board on its actions and recommendations. The Committee may act by unanimous written consent; when it does so, those actions will be filed in the minute book.
